STORMWATER MANAGEMENT

Surface Runoff

Surface runoff is water from rain, snowmelt, or other sources that flows over the land surface and is a major component of the water cycle. Runoff is what occurs when rain is not absorbed by the ground on which it falls and so then flows downhill. As it does so, it will carry topsoil, nutrients, and any other water-soluble material it encounters as it flows downhill. Eventually runoff water will drain into a stream or river. Runoff that occurs on surfaces before reaching a channel is also called overland flow. All of the land whose runoff water flows into a river or stream is known as that stream's watershed.

When runoff flows along the ground, it can pick up soil contaminants such as petroleum, pesticides or fertilizers that become discharge or overland flow. The amount of water that runs off and causes all kinds of problems depends heavily on the amount of rainfall and the type of ground it lands on. Urbanization increases surface runoff, by creating more impervious surfaces such as pavement and buildings which do not allow percolation of water down through the soil to the aquifer. It is instead forced into streams, where erosion and siltation can be major problems, even when flooding is not.

Increased runoff reduces groundwater recharge, thus lowering the water table and making droughts worse.

Meteorological factors affecting runoff:

- Type of precipitation (rain, snow, sleet, etc.)
- Rainfall intensity
- Rainfall amount
- Rainfall duration
- Distribution of rainfall over the drainage basin
- Direction of storm movement
- Precipitation that occurred earlier and resulting soil moisture
- Other meteorological or climatic factors such as temperature, wind, relative humidity and season

Physical characteristics affecting runoff:

- Land use
- Vegetation
- Soil type
- Drainage area
- Basin shape
- Elevation
- Topography, especially the slope of the land
- Drainage network patterns
- Ponds, lakes & reservoirs in the basin, which prevent or delay runoff from continuing downstream

ENVIRONMENTAL CORNER

LIVING GREEN: 7 Simple Steps That Reduce Your Eco-Footprint

The goal of the Ambler Environmental Advisory Council is to help Ambler Borough residents reduce their overall environmental impact with simple, achievable suggestions. For further information and details, go to www.amblerEAC.org and click on 'Living Green.'

- Step One: Use Less Energy**
- Step Two: Use Less Water**
- Step Three: Use Fewer Natural Resources**
- Step Four: Reduce Waste**
- Step Five: Avoid Toxins & Pollutants**
- Step Six: Protect Natural Resources**
- Step Seven: Invest in the Local Economy**

Research has shown that litter attracts litter.

When a community or area is frequently littered or illegal dumping is tolerated, that sends a message that this kind of behavior is acceptable. Litter begets litter. Conversely, when a local park or an entire community is litter free, that sends a message that littering is unacceptable behavior. Clean communities tend to stay clean. Here are some ways you can help keep our Borough beautiful.

- Set an example by not littering. Carry a litter bag in your car or put litter in your pocket until you find a container.
- Pick up one piece of litter every day.
- Teach others the proper way to dispose of trash. Show them the difference between a clean area and an area spoiled by litter, and stress why it's important to put trash in proper containers.
- Make sure your trash & recycling roll cart lids are closed. If you have additional trash cans, make sure the cans have lids that can be securely attached.
- If you smoke, don't flick cigarette butts out the car window.

Wissahickon Valley Historical Society

www.wvalleyhs.org

799 Skippack Pike, Blue Bell

215-646-6541

The Historical Society recently has placed a curator's display case in the lobby of Ambler Borough Hall for all to enjoy. The case is filled with artifacts from our community. Every two or three months the Historical Society will provide a new display. Please feel free to stop by our lobby and have a look!

For your information, the Historical Society's 1895 building in Blue Bell is open Thursdays from 10 until noon. Their library is open to the public by appointment. The public is always welcome to attend special programs and events.

American Flag Guidelines

Proper Etiquette for Flag Display

In 1942, Congress passed what has come to be known as the U.S. Flag Code. The following are the basics on how we can treat the flag with respect.

Ideally, an American flag displayed on your house should hang from a staff that angles out from the front wall or a windowsill or balcony. Do not allow the flag to touch the ground, floor, water, or anything else beneath it. It's also appropriate to hang the flag from a horizontal staff. Be sure the union or canton (the rectangle with the stars) is at the peak -- hanging the flag with the union down signals extreme distress.

When the flag is displayed either horizontally or vertically against a wall, the union should be at the top and to your left. When displayed in a window, the flag should be hung so that the union is on the left when you see it from the street.

If you display the American flag next to other flags or pennants, place it on the right side of a single flag or at the center of a group and slightly higher than the other flags. If an American flag is on the same staff as other flags, it should always be at the top.

When displayed from a car or float in a parade, the flagstaff should be fixed firmly to the vehicle, ideally on the right side. The flag should not be draped over the hood, top, sides or back.

Though it is customary to fly the flag from sunrise to sunset, the U.S. Code says that when a patriotic effect is desired, you can display it around the clock. If you do, you should illuminate the flag with a light.

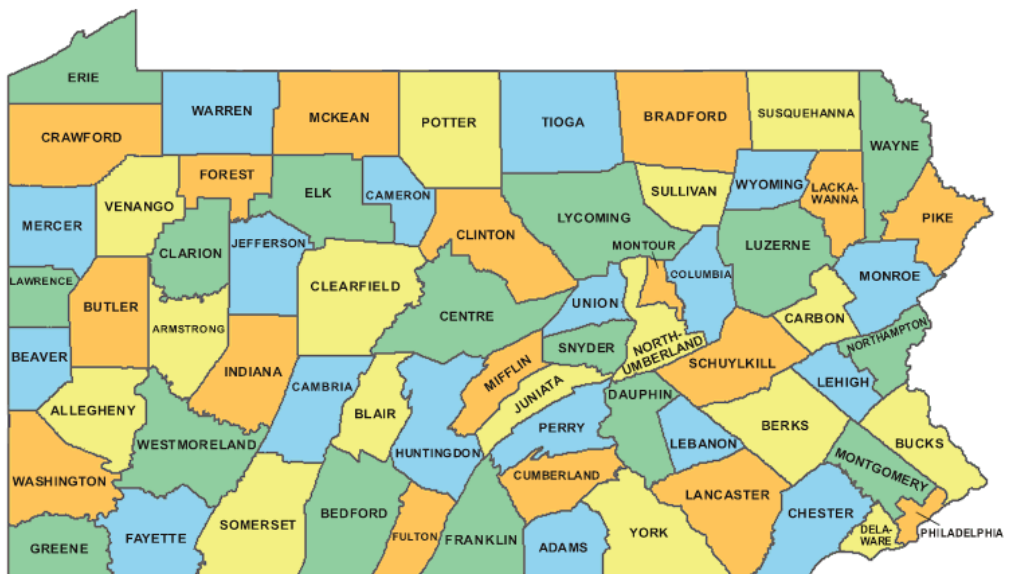

When our President declares the flag is to be flown at half-staff this means the flag is one-half the distance between the top and bottom of the staff.

And finally, when the American flag is in such condition that it is no longer a fitting emblem, it should be destroyed in a dignified way, preferably by burning.

Did you know...

There are 956 Boroughs in the Commonwealth of Pennsylvania and over 8,000 council members elected to serve those communities?

Boroughs represent 37.5% of all Commonwealth municipal governments. An average of 15 boroughs exists per county and nearly 25% of the population resides in these communities.

Ambler Borough Volunteer Boards & Committees

Borough Council appoints volunteer residents to serve on boards, commissions and councils to assist in carrying out the governance of the Borough. Residents interested in offering their time, experience and professional talents should send a letter of interest & resume by mail or email to the Borough Manager or Manager's Assistant. Below you will find information on several Boards and Commissions. For a complete listing of committees and current volunteer opportunities, go to the Borough's website and click on "Government / Boards & Committees."

- **APPEALS BOARD** - This highly specialized board includes an architect and engineer. If someone is planning to build and disagrees with the Borough's engineer on an interpretation of a technical provision in one of the national building codes, the Code Appeals Board would rule on that interpretation.
- **CIVIL SERVICE COMMISSION** - The Civil Service Commission presides over hearings related to the demotion or firing of an Ambler police officer. Its secondary function is to certify the list of candidates who come out of the formal testing process for police department applicants.
- **COMMUNITY AMBULANCE ASSOC. OF AMBLER** - CAAA serves the Borough of Ambler, Lower Gwynedd and parts of Upper Dublin. CAAA is an independent nonprofit emergency ambulance association. Ambler Borough holds a seat on the board of CAAA.
- **ENVIRONMENTAL ADVISORY COUNCIL** - The EAC provides advice on issues such as protecting the environment through conservation, management, promotion and use of natural resources. Ambler EAC also works to improve the Borough's ecological assets and build awareness of environmental issues in the region.
- **HUMAN RELATIONS COMMISSION** - Borough Council adopted the Human Relations Ordinance on May 17, 2016, establishing a non-discrimination policy for all matters of employment, housing and commercial property, and public accommodation to ensure that all persons, regardless of actual or perceived race, color, age, religious creed, ancestry, sex, national origin, handicap, use of guide or support animals because of blindness, deafness or physical handicap of the user or the user is a handler or trainer of support or guide animals, or sexual orientation, gender identity or gender expression, enjoy the full benefits of citizenship and are afforded equal opportunities for employment, housing and public accommodation. The Commission receives, reviews and files complaints within its jurisdiction.
- **PLANNING COMMISSION** - The Planning Commission considers drafts of zoning ordinances, and, when requested by Borough Council, also drafts ordinances for Council to consider adopting. While the PC's recommendations are not binding, they are given significant consideration by Council.
- **VACANCY BOARD** - The Vacancy Board is made up of Ambler Borough Council plus one extra citizen who sits to break tie votes when filling a vacant council seat. The vacancy board meets on an as-needed basis.
- **ZONING HEARING BOARD** - The Zoning Hearing Board considers whether to grant relief from Borough zoning ordinances regulating the use of land. The ZHB also decides whether certain criteria have been met to allow certain types of special exceptions to zoning ordinances. The ZHB also considers appeals from rulings made by the code officer in enforcing zoning-related ordinances.

BOROUGH DEPARTMENT NOTES

Finance Department News

Gail Gordon, Finance Manager

THE BUDGET PROCESS. The purpose of a Municipal Budget is to provide a fiscal plan for the Borough. The budget is the basis for planning, controlling and assessing municipal operations. The Finance Manager facilitates the budget process by gathering, analyzing and preparing a comprehensive preliminary budget that is presented to Council's Finance & Planning Committee. Through this process, eventually, the whole of Council, with input from the Borough Manager, Department Supervisors and the public, can adopt a balanced budget for the next fiscal year.

Initially, Department Supervisors working with the Finance and Borough Managers, provide a budget for their departments. The Finance Manager compiles estimates of revenue and expenditures and prepares the preliminary budget. When estimating revenues, the Finance Manager considers real estate tax (millage rates), Earned Income Tax (EIT), Local Services Tax (LST), Business Privilege Tax (BPT), water revenues, real estate transfers (deed transfer), licenses & permits, fines, intergovernmental revenue and fees for services. Estimating expenditures includes consideration of collective bargaining agreements, other salary & benefit information, insurances, debt service, professional services (attorneys & engineers), agreements & contracts, utilities and other operating expenses.

Council's Finance & Planning Committee holds several advertised Public Meetings in the fall to review and receive public comment on the proposed budget. Prior to adoption, the proposed budget is made available for public inspection. The budget is adopted by Council at an advertised Public Meeting. Budget adoption is to occur by December 31st.

Public Works News

Bob Rocco, Public Works Supervisor

- **STREET SWEEPING** – Street Sweeping will end for the season on Friday, December 2nd.
- **HOLIDAY TREE DISPOSAL** – Holiday trees may be put out the 1st or 3rd Tuesday of January. Place trees curbside. Do not wrap trees in plastic tree bags -- our hauler will not pick up bagged trees.
- **HOURS OF OPERATION** – 7:00 a.m. – 3:30 p.m. Answering machine 215-628-9409. Contact the Borough Garage or the Borough receptionist to report a pothole, broken playground equipment or damaged signage.

RESIDENTIAL TRASH & RECYCLABLES ROLL CARTS

Over the past few years residents have received a 64-gallon trash roll cart (grey) and a 64-gallon recycling roll cart (blue) from the Borough. If you would like to purchase an additional roll cart (we have a few spares) or if your roll cart goes missing and you would like to purchase a replacement, please call the Borough receptionist. The cost of either roll cart is \$40. Additionally, please contact the Borough receptionist if the wheels on your roll cart pop off. The Borough will send a Public Works staffer to your property to replace the wheels (and axle if necessary) at no cost to you. Please do not toss out your roll carts – in most cases they can be repaired!

Water Department News

Philip Benigno, Water Supervisor

- The Water Payment Lock Box is located in the Ambler Borough Hall parking lot. You may access the lock box from the Poplar Street entrance to the parking lot.
- On-line credit card and E-check payments are accepted for payment of water bills. Visit the Borough's homepage at www.boroughofambler.com and click on "**Pay Your Water Bill.**" A convenience fee will be charged.
- Be sure to pay your Water Bill separately from other bills you may pay in the Borough, such as rental registration, tax bills or permit fees, so that your account may be properly credited. **Water Bills are mailed out quarterly.**
- Please keep your contact information with the Water Department current, simply by accessing the **Swiftreach™** icon on the Borough website homepage. In the event of a water quality emergency, we need to get in touch with our customers!
- The Water Department Annual Drinking Water Quality Report for 2015 was mailed out to water customers in June and is currently available on the Borough website.

WATER LINE PROTECTION PROGRAM APPLICATION

A lateral water line protection plan offered by Ambler Borough to our residential customers.

Did you know that the pipe that carries water from the curb to your house is on your property -- and the pipe is owned by you? If a leak or break in this line occurs (this is called the 'lateral line'), it is your responsibility -- and your expense -- to make the repair.

With the Water Line Protection Plan offered by the Borough of Ambler, if anything happens to your water service line from the point at which it crosses the outer vertical wall of the residence to the point at which it reaches the property boundary, we'll take care of it.

This protection plan is offered to residential customers, specifically single family dwelling and residential properties with four or fewer units on the same water meter with 5/8" to 1" water service lines. The cost is \$100 for a one year protection plan and covers the cost to repair or replace allowing up to two repairs per year, \$3,500 per break maximum, capped at \$7,000 per year.

Code Enforcement News

Glenn Kucher, Code Enforcement Officer

215.646.1000 ext 112 • code@borough.ambler.pa.us

Ambler Borough Selected as “2016 Great Places in PA” Award Winner

Congratulations to Ambler Borough! Butler Avenue was named one of the ‘Great Streets’ winners in the 2016 Great Places In PA awards announced by the PA Chapter of the American Planning Association. Greats Places are unique, memorable places that work not only for their community, but as a model others want to emulate – places of exemplary character, quality, planning, identity, cultural interest, and community involvement with a sustainable vision for tomorrow. Everyone in our community should be proud of this accomplishment! To read more about why Ambler Borough was selected, check out <http://planningpa.org/news/2016-great-places/>

Construction Corner

Did you know that if you put up a swimming pool on your property that has more than 24 inches of water, a permit is required? Do you need a permit to replace your boiler? What about putting up a new fence?

Home ownership in Ambler Borough comes with many responsibilities that many residents may not be aware of. Every day the Borough Code Department fields numerous calls with questions from residents and contractors with these exact questions.

As a general rule, any structural alterations or additions you may be considering for your home or property, require a permit. Receiving a permit will enable the Borough officials to review your proposed work for building code and Borough ordinance compliance.

THE FOLLOWING IS A LIST OF THE MORE COMMON TYPES OF WORK THAT REQUIRE A PERMIT:

- | | | |
|------------------|----------------------|------------------------|
| • Fences | • Roofs | • Sewer Work |
| • Sheds | • Window Replacement | • Fuel Oil Tanks |
| • Swimming Pools | • Kitchen Remodel | • Chimneys, fireplaces |
| • Concrete Work | • Plumbing Changes | • Basement renovations |
| • Siding | • Electrical Changes | |

Keep in mind that this list is not all inclusive. If you have questions about work not listed here or any other code related questions, please contact the Code Department for more information.

‘TRASH TALK’

Householders shall place receptacles containing garbage and combustible rubbish at the curb or designated place for pickup by the Borough of Ambler not later than 6:00 a.m. on the days scheduled for collection and not earlier than 4:30 p.m. on the previous day. Containers are not to be placed in the street for pickup. Lastly, containers should be removed from the curb line no later than 8:00 p.m. the day of the pickup.

DON'T BLOW IT (INTO THE STREET)

Keep clippings in your yard... NOT in the street. Blowing or leaving grass clippings and other debris such as leaves in the street doesn't just look bad it is also illegal and violators could face possible fines. Besides being a Code Violation, grass clippings and leaves can also clog the Borough's storm water drainage system. When drains are clogged with yard waste the storm water can back up and potentially cause flooding during a rain event. In addition, during snow events please do not shovel snow into the street. This may create a dangerous situation for drivers.

Ambler Borough Police Department

Message from the Chief of Police – CHIEF WILLIAM F. FOLEY, JR.

STOP THE BULLYING

Teens in grades sixth through ten are the most likely to be involved in activities related to bullying. About thirty percent of students in the United States are involved in bullying on a regular basis either as a victim, bully or both. The recent school bullying statistics show that cyber bullying is becoming increasingly prevalent on school property as well as involving students even when they are not at school. Because of the growing number of kids affected by bullying, more and more schools throughout the country are cracking down on the measures taken to stop bullying.

Bullying can happen anywhere. Many children and teens are regular victims of bullying, which can lead to serious emotional scarring and problems with the victim's self-esteem and self-image. Correcting these behaviors before they start or get out of hand are important for parents and educators to keep in mind.

TYPES OF BULLYING:

- **VERBAL** - This type of bullying usually involves name calling and/or teasing.
- **SOCIAL** - Spreading rumors, intentionally leaving others out of activities on purpose, breaking up friendships are all examples of social bullying.
- **PHYSICAL** - This traditional form of bullying involves hitting, punching, shoving and other acts of intention physical harm.
- **CYBERBULLYING** - This method of bullying involves using the Internet, texting, email and other digital technologies to harm others.

Understanding warning signs can help parents prevent their children from becoming bullies or help them not become a victim of a bully. Counseling or therapy are good methods in helping to treat a child who exhibits symptoms of bullying. Children who are victims may also need some kind of support or counseling to help resolve underlying issues of emotional feelings of inadequacy. Children who are confident and have higher self-esteem are less likely to fall prey to the attacks of bullying.

TREAT EVERYONE WITH RESPECT:

- Nobody should be mean to others.
- Stop and think before you say or do something that could hurt someone.
- Keep in mind that everyone is different. Not better or worse, just different.
- If you think you have bullied someone, apologize.
- If you think you have or are being bullied tell someone.

Ambler's Police Department Lobby is now a convenient **PRESCRIPTION & OVER-THE-COUNTER DRUG DISPOSAL LOCATION.**

The disposal unit is available 24/7 in the PD Lobby.
All drugs will be destroyed in a legal and environmentally-friendly manner.

Check out our Facebook page -- Ambler Borough Police Department -- for further details.

IN OUR COMMUNITY

On Saturday, June 4, 2016, the Wissahickon Fire Company celebrated 125 years of service to the community with an Anniversary Gala held at the Manufacturers' Golf and Country Club. During the gala, Christopher Tanzos received the Life Active Certificate of Service and several members were honored for their years of service and dedication.

45 Years ~ Jesse "Jay" Leadbeater

40 Years ~ Robert Lynch

35 Years ~ Thomas Hurd

30 Years ~ George Malley

15 Years ~ Harry Altman and Fred Herring

10 Years ~ John Oberholzer, Jonathan Deck and Andrew Urban

5 Years ~ Shaughn Thornton, Dylan Bender, Jake Caplen,
Robert Pierson and Michael Garbose

Service and dedication has been the cornerstone of the Wissahickon Fire Company from its first Fire Chief, Thomas Redington and his assistants: Hiram McCool, Newton Meyers and R.M. Redington to its current Fire Chief Phil Koller, Deputy Chiefs Ron Lynch and Jay Leadbeater, many other Line Officers, fire fighters and fire police who serve the community.

The Wissahickon Fire Company responded to 586 calls in 2015. If you would like to become part of this long-standing tradition and serve your community as a member of the Wissahickon Fire Company, please call 215-646-1266.

Ambler Choral Society

www.amblerchoralsociety.org

The Ambler Choral Society season includes two concerts each year, a holiday and spring concert, along with various public charitable appearances. Rehearsals are on Tuesday evenings – if you're a singer please join us! Either contact the choir at our website or through Ambler Choral Society, PO Box 134, Ambler, PA 19002.

This season's winter holiday concert will be presented on November 27, 2016 at 3:00 p.m. and the spring concert will be held on April 23, 2017 at Supplee Presbyterian Church, 855 East Welsh Road, Maple Glen. Tickets are available at the door. Mark Daugherty, Artistic Director.

The Ambler Symphony has some special treats in store, starting off in November with the opening concert of their 66th season. A favorite of the orchestra and community, cello soloist Jesus Morales will perform the Robert Schumann Cello Concerto in a minor, Opus 129, and follow it with an original piece by Puerto Rican performer and composer Sonia Morales-Matos, Divertimento Caribeno No.4. The evening closes with the masterful Symphony No. 5 in d minor, Opus 47 by Dmitri Shostakovich. This concert takes place on Friday, November 18 at 7:30 p.m. at the Wissahickon High School Auditorium.

December brings another treat, with the now traditional Holiday concert and Sing-Along on December 7 at 6:30 p.m., followed by a seasonal movie favorite. This concert will take place at the Ambler Theater on Butler Avenue.

The Children's Concert, also to be held at the Ambler Theater on Saturday, January 21 at 11:30 a.m., will feature a premier of the arrangement for orchestra of Kile Smith's The Bremen Town Musicians, followed by a Dmitri Kabalevsky Concerto in C Major, Opus 48, Movement 1, Allegro Molto e con Brio. This demanding piece will be accompanied by an extraordinary young violinist, Nicholas Brady, age 7, who has been hailed as a true prodigy on the violin.

The orchestra will continue its mentoring of young and talented musicians at the annual Menges Scholarship Concert on February 19 at 3 p.m.

The other subscription concerts of the season will feature compositions as different as Beethoven and Bernstein, with a season subscription closer to 100 years of Broadway's favorite musical compositions, from composers like Sigmund Romberg and Victor Herbert, Lerner and Lowe, Rogers and Hammerstein, and Andrew Lloyd Weber. The season will also close out with late May and early June outdoor concerts at the Parkside Place in Upper Gwynedd and Hope Lodge in Fort Washington. Ambler Symphony is a non-profit, volunteer orchestra, featuring dedicated member musicians from the local communities.

■ Trash
 ■ Recycle
 ■ Yard Waste
 ■ Holiday

REFUSE AND SOLID WASTE COLLECTION: All solid waste, recyclables & yard waste should be placed curb side no later than 6 A.M. the day of your scheduled pickup. Refuse/solid waste is to be placed in cans with lids provided by the resident. Litter and debris can attract unwanted pests. Also, litter and debris can clog storm drains. Keep trash and recyclables covered. **DO NOT LITTER.**

RECYCLABLES COLLECTION: Recyclables are to be placed in the blue roll cart provided by the Borough. All recyclables can be mixed together and placed in this cart **NO SORTING NEEDED.** Recycle newspapers, inserts & junk mail, magazines, catalogs & envelopes, paper back books & phone books, cardboard & clean pizza boxes, office & school papers (colored paper), box board (cereal, cake & cracker boxes); paper egg cartons, paper bags, aluminum cans & clean foil; tin & empty steel aerosol cans, empty glass jars & bottles, and all plastic containers labeled #1-#7.

DO NOT PUT THE FOLLOWING ITEMS IN THIS CART: NO garbage, NO plastic bags, NO Mirrors, NO food waste, NO polystyrene cups or plates, NO motor oil or hazardous chemical containers, NO plastic toys or sporting goods, NO electronics or batteries, NO compact discs or DVDs, NO foam egg cartons or ice cream containers, NO light bulbs, hangers or yard waste.

BULK COLLECTION: One bulk item (mattress, desk, etc.) per household is permitted per week. **No Tires, No TVs or Computers.** Call J.P. Mascaro & Sons at 1-800-432-1616 for "white" item pickup. For items containing Freon (refrigerators, etc) visit Montgomery County's website www.montgomerycountypenn.org or 610-278-3618 for a list of companies that will remove Freon and dispose of the appliance for a fee. At no cost to you, call PECO Smart Ideas (1-888-573-2672) for collection of working frigs & freezers (10-30 cuft). Please note, resident must be on site at time of scheduled pick-up.

YARD WASTE COLLECTION: (Christmas trees in January) Yard waste is to be stored on your property until scheduled pickup. Yard waste shall be placed in paper bags or unlined trash cans or may be bundled with twine. No plastic bags. Yard waste includes leaves, branches & branch materials, twig material, vine & hedge trimmings. No grass clippings. Residents may also bring yard waste to Barnside Farm Compost Facility, 991 Haldeman Road, Schwenksville, contact at 610-287-8880.

HAZARDOUS WASTE MATERIALS & E-WASTE COLLECTION: Please refer to Montgomery County's website, www.montgomerycountypenn.org for a list of hazardous waste collection sites and other recycling news. Refer to the Borough website www.boroughofambler.com for e-waste collection opportunities.

DRIVING A LEMON?

MAKE THE CALL TO 1 800 LEMON LAW!

KIMMEL & SILVERMAN

P.C.

The Lemon Law Attorneys

Did you know that Ambler is the home of Pennsylvania's oldest and largest Lemon Law firm, Kimmel & Silverman. Since 1991, Kimmel and Silverman has provided more than 75,000 distressed drivers with **100% COST-FREE** legal representation, helping their clients recover more than \$160,000,000 in new cars and refunds. Our efforts have been featured on every Philadelphia newscast and written about in the pages of the Inquirer, Times Herald, Consumer Reports, Kiplingers Personal Finance and the New York Times.

**If your car is in the shop more than it's on the road, call Kimmel & Silverman at
 1 800 LEMON LAW (1 800 536 6652) or visit us on-line at www.lemonlaw.com for free help.**
